Detailed Action

This is the first Office Action corresponding to original filing. The application contains 16 claims.

Drawings

The drawings have been accepted by the examiner.

Information Disclosure Statement

Receipt is acknowledged of Information Disclosure Statement, which has been reviewed by the Examiner.

Claim Rejections - 35 USC § 112

Claims 3-5, 9-12, 15 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 3 recites a spacer which is already recited in claim 1. Claim 6 recites a plate which is already recited in claim 1. Claim 11 recites a motor vehicle using the suspension device recited in claim 1, this is too broad. The use of the suspension device in a vehicle does not provide Applicant rights to claim the vehicle too. This is like using a phone

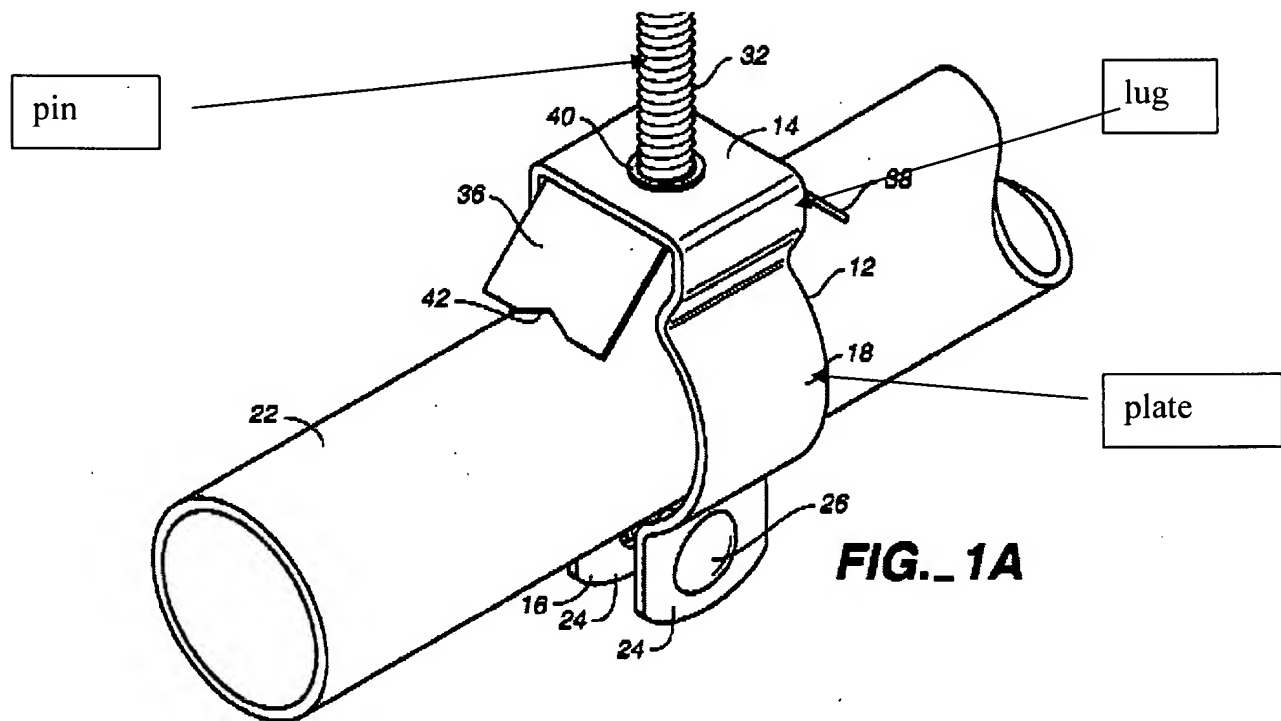

mount on a house, and then proceed to claim the house. The examiner suggests to cancel this claim. Claim 12 recites a spacer which is already recited in claim 1.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-4, 11 and 12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Roth (Pat No 6,572,057). The patent to Roth discloses all the recited elements as shown below; further the pin is capable to be fixed by welding to avoid having it loose.

Allowable Subject Matter

Claims 6-8, 13 and 14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 5, 7-10, 12, 15 and 16 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Donovan (4,465,252), Casey (1,576,307), Kromis (6,758,300) and Masuda (4,116,411) show other devices of interest.
